The noteworthy days in the 2016 sailing calendar are: -

Saturday 7 July 2018 Round The Island Race. This magnificent spectacle sees 1800+ sailing boats race round the Isle of Wight for the prestigious honour of being the fastest boat overall and the fastest in each category. This event starts early in the morning but goes on for most of the day.

Cost from £1050.00

Cowes Week is from Saturday 4 August 2018 to Saturday 11 August 2018, with Friday 10 August being the Firework night. This spectacular event can be viewed on the water with unparalleled views of the event.

Cost from £1,250.00 per day with Friday 10 August, firework night from £1,700.00

With all these events catering can be either on-board with a variety of menus available or at one of many local pubs in the Solent area. However during Cowes week on-board catering would be recommended due to the large number of visitors to the Solent area. We are able to provide a selection of alcoholic and non-alcoholic refreshments on-board.

The day starts from 10.00 to 17.00 with the exception of Friday 10 Aug 2018 (Firework Night) when we will arrive back in Haslar Marina after the firework display at approx 23.00 hours.

Customise your event with the additional use of a 7 metre RIB. This craft can speed you and your guests over the water at nearly 40 knots for that extra adrenalin rush.

If you would like to add any additional items or destinations we would be happy to quote a price. Sponsorship of the boat during your event(s) with full branding is available at additional cost.

Fuel for Solent Cruising only. Catering menus are available on request. 25% non-refundable deposit required on booking, balance due 6 weeks prior to event.
